What is a Community Centre?

DID YOU KNOW...
 ..in Winnipeg, we have a community centre model that is unique from other Canadian Cities. The centres are not run or staffed by the city....
 There is so much more to learn about the community centres and how they work with the city.

****The BOARD of LWCC needs new volunteers****

A Community Centre is a public location in which neighbours can come together as a group to enjoy group activities, social support, public information and other purposes that will with enrich the lives of the neighbours within the community. There is no membership fee to join the Centre. They are generally open for the whole community and can house music/dance activities, sport activities, social support activities, coffee mornings, games, fundraisers and other things to enjoy. Often there are hall or facility rentals available for family, club, or church events. You can meet new people and make new friends, as well as learn new skills, new sports, etc.

A Community Centre is normally located within easy walking distance or bus route for the community it serves, and it is also easily accessible for those of age or with disabilities.

A Community Centre’s Board of Directors may hire a general manager and contractors to address the daily/seasonal operations.

In Winnipeg, the Board of Directors follow guidelines set out by **GCWCC**. Check out the Community Centre Leadership Training tab at www.gcwcc.mb.ca. Scroll down to the **Board Orientation information** and/or the **GCWCC Accountability Manual**.

GCWCC ... Who is that?

The General Council of Winnipeg Community Centres (GCWCC) was established in 1971 with the primary purpose of being a central resource for all Community Centres and to facilitate cooperation and communication among the Community Centres, and between the Community Centres and City administration. Winnipeg is home to 63 Community Centres, all as diverse as the neighbourhoods they are in. More than 17,000 people volunteer at Community Centres, which represents over one million volunteer hours.

The community centre model in Winnipeg is unique from other Canadian cities. While they are owned by the City, they are not run or staffed by the City. Instead, each is governed and operated by a group of volunteers with a community-elected Board of Directors. The City provides an annual operating grant to cover basic maintenance and utilities expenses, while the Community Centres are responsible for covering all other costs including staffing, programming, capital improvements and equipment.

Outdoor Skating

The Volunteer Board at LWCC is appreciative of the community's patience while we struggled through labour issues, mechanical issues and communication issues regarding the outdoor rinks getting ready for winter activities. We had delays and setbacks while getting all our ducks in a row, but are delighted that the rinks finally opened to a bit of fanfare and we have been seeing regular activity since.

We recognize that communication is key and we remain committed to doing our best in that regard.

If you haven't done a few laps yet, come on out and lace up! They are in prime shape!

Why do neighbours volunteer?

"When I moved into Linden Woods in 1990, not only was there no community centre, but there were no plans to ever build one, so when one of my neighbours asked me to accompany her to a town hall meeting at the school, I did. As a result of attending that meeting and signing up to do something, I met the most inspiring, wonderful and capable people who I would never have met otherwise because they lived on the other side of Linden Woods, or they had a different occupation, or their children went to different schools or were involved in different sports. Many of them became friends, many continue to inspire me, many continue to teach me new things. Volunteering at the community centre has been tremendously fulfilling. It has given me a feeling of being part of a community that I can call home" - Julie

"We were asked to join the board by a neighborhood friend, as we had often talked about having a block party on our street and just decided that maybe we would turn our efforts towards the whole community and help plan Social Events. We were happy to get involved; we knew we would have a good time working together! It's been great planning a few community social events. We both have fond memories of community clubs from our own youth, it makes sense to give back. Additionally, we love and appreciate the connections and memories that our own children continue to make through the Community Centre activities. Basketball, soccer, our pleasure & hockey rinks—our LWCC really is a great place to be! We love making a difference in our community! And we are having a good time while doing it!" - Laura & Christine

Wrapping up Christmas

Our **Annual LWCC Holiday Party** was well attended by more than 150 who participated in crafts, decorated sweet treats, sipped hot chocolate from our hot chocolate bar,

sweated out Zumba moves, visited with Santa and Mrs. Clause and their assistants, and sang-a-long together in the gym. This event, aside from providing donations for Winnipeg Harvest, also helped us kick off our community holiday spirit

Thanks to **Yvonne** for the Zumba; **Rosemary Peart** for holiday music; **Sobeys Kenaston** for the yummy cookies. Thanks to all of our volunteers for organizing, helping out and making spirits bright!

Linden Lights is a draw for people from all corners of the city. Linden Woods did not disappoint! The holiday spirit is bright with lights on houses, trees and holiday figurines setting a glow over our community. It was wonderful to see so many neighbours participating. The pictures of best themed street (Candy Cane Lane) and best house (Corner of Shorecrest Dr) are on Facebook
